Create

The dollars the Women’s Healthcare Fund (WHF) members contribute are used to create or expand healthcare programs.

Fund assets are managed as part of the Saint Alphonsus Foundation. WHF Board Members determine how assets will be distributed. The Fund focuses on projects that better the health of women in our community.

Change

It is indeed “wonderful” in the words of Anne Frank, “that no one need wait a single moment to improve the world.” Our members recognize the urgent and myriad needs of our community and seek to improve the world with membership and participation in the WHF.

Commit

Our members are a diverse group of women committed to bettering their community through the giving of their financial resources and the sharing of their personal gifts and talents.

Celebrate

The dollars the Women’s Healthcare Fund members contribute are used to support programs and projects at Saint Alphonsus and in our community.
