FOR ALL WOMEN

Digital Mammography
Digital mammography is available at several locations throughout West Michigan. Digital mammography is beneficial for all women, but especially for younger women and those with dense breasts. A mammogram can find cancer that is too small for you or your doctor to feel. This new technology allows your radiologist to see your results more clearly. Digital mammography is available at our Hackley, Mercy, Lakes, and Lakeshore (Shelby) Campuses. Call 231-672-4800 to schedule a mammogram at any of these locations.

Other women’s services at Mercy Health Partners include:
- Osteoporosis Screening
  231-672-4800
- Lakeshore Laser and Aesthetic Center
  1-888-78-LASER (52737)
  www.lakeshoreaesthetics.com

OUR MISSION
We serve together in Mercy Health Partners,
In the spirit of the Gospel,
To heal body, mind and spirit,
To improve the health of our communities,
And to steward the resources entrusted to us.

MERCY HEALTH PARTNERS

**FOR BREAST CANCER SURVIVORS**

**Breast Reconstruction**

For some women, breast reconstruction can be achieved through surgery techniques that restore a breast to near normal shape, appearance, and size following a mastectomy. If you are a candidate for breast reconstruction, your physician will work with you to provide the right breast reconstruction procedure for you. Talk with your doctor about your reconstruction options.

**Breast Friends—Breast Cancer Support Group**

This is an opportunity for women who have or are experiencing breast cancer to share and learn more about diagnosis and treatment options. Breast Friends meets the first Wednesday of every month from 10:00 to 11:30 a.m. at the Lakes Campus. For more information, call 231-672-3368.

**Breast Cancer Awareness**

Breast Cancer Awareness pins and apparel, including shirts, sweatshirts, and tote bags, are available online at [http://www.hackleyhme.com/products.php/cPath/133/Breast_Cancer_Awareness.html](http://www.hackleyhme.com/products.php/cPath/133/Breast_Cancer_Awareness.html). A portion of the proceeds from these items supports Mercy Health Partners’ Digital Mammography Fund.

**Sign up for our women’s e-newsletter, For Women. For Life, and our health magazine, Simply Health, at www.mercy-healthpartners.org/women**

**NEED A PHYSICIAN?**

Mercy Health Partners' physician referral line can help. Call 231-720-1819 for a physician referral.

**FOR WOMEN WITH BREAST CANCER**

**Medical and Radiation Oncology Services**

Medical and radiation oncology treatments for breast cancer patients are available at the Johnson Family Center for Cancer Care in Muskegon. The Center offers the revolutionary MammoSite 5-Day Targeted Radiation Therapy in just five days. This system delivers radiation to the immediate area where cancer is most likely to recur and it can be a very effective option for early-stage breast cancer.

**Post-Mastectomy Care**

Mercy Health Partners offers a comprehensive range of breast forms, mastectomy bras, and accessories in a wide array of styles, color, and sizes. Your fitting will be done by a certified female mastectomy fitter, in a comfortable, private room; and will accommodate time for education, instruction, questions and answers. Contact any of these locations for your post-mastectomy needs:

- **Orthotics & Prosthetics**
  - Mercy Campus – 231.672.4886
  - Hackley location – 231.739.2217
- **Healthcare Equipment & Pharmacy**
  - Lakes Campus – 231.727.7966

**Lymphedema Therapy**

Lymphedema is an accumulation of protein-rich fluids in tissue resulting in swollen, enlarged limbs or skin surfaces, which can occasionally occur after a mastectomy. Lymphedema services are provided by licensed occupational or physical therapists who provide individualized, one-on-one care, and education for self-maintenance after program completion. You can reach the Lymphedema Therapy Program by calling 231-672-3905.
